

2010 BTC ADULT BASKET RAFFLE

How does a Gift Basket Raffle work?

Gift Basket Raffles are not only successful for raising money, but are so much fun for the people who attend the raffle. The event will work as described:

The baskets will be displayed around the room. You will have time to preview the baskets to see what they contain. At that time, you select which baskets you want to try to win by placing your raffle tickets in the container for the baskets you desire. You will also have the opportunity to purchase additional basket tickets, as well as, tickets for separate Grand Prizes and two 50/50 drawings. Your admission ticket serves as your door prize ticket. At the end of the preview period, we will draw for each individual basket, door prizes, grand prizes and 50/50, and announce the winners. Winners will receive their prizes at the time of each drawing.

Typically, no food is available for purchase at a basket raffle. People who attend bring their own snacks and drinks, and enjoy the fun!
